

Silent Auction Process

We are excited to be using Text2Bid[®] Electronic bidding system.

This year the Ceili Silent Auction is on your phone again!

When you arrive at Ceili, there will be a special KEYWORD and instructions printed on the back of your name tag. Just text that KEYWORD from your phone to 71760 and you will receive instructions and a link back via text message.

If you have a smart phone:

- Click on the link from your text message and this will open your web browser to the Ceili Silent Auction page. No need to install any apps on your phone.

If you do not have a smart phone:

- Follow the instructions that you received via text message to bid via text message

If you do not have a phone or do not wish to use one:

- We will have youth ambassadors stationed around the silent auction tables with iPads to assist you with bidding.

If you bid from your phone, you will receive a text message when you have been outbid. We encourage all bidders to use the "AutoBid" feature of the system to set a maximum bid and let the system bid for you.

NOTE: If a bid is received for an item in the last minute of the auction, that item's bidding will be automatically extended for one minute. It will continue to be extended for one minute increments if bids continue to be received in the last minute
